

The VISITOR CENTER MONTHLY

Telling the story of Lead's history, present, and future

Member Spotlight

-Thomas Golden

Oz Enderby is a Lead native, and one of the first to participate in the Sanford Lab Homestake Visitor Center's new membership program. We sat down with Oz who is a Marine Corps Veteran and highly active resident of the community, to get to know his thoughts on the Visitor Center, attempted retirement, and the importance of community.

What is your current occupation? "I am supposed to be retired. My wife thought we were retiring. But I am involved in seven different organizations as

a volunteer." **Why did you decide to become a member of SLHVC?**

"There are exciting things happening in Lead and I want to be a part of it. Becoming a member of SLHVC was an opportunity to do just that, to be involved in what we are accomplishing as a community. SLHVC helps build awareness of all of the exciting revitalization that is happening in Lead."

Why is SLHVC important to you? "This organization serves as a gateway to our community. If you want to know what is going on in town the staff at SLHVC have all of the information you need." **What is the last book you**

have read? "We have been following Michael Conley's Bosch series with great interest." **Is there anything else you would like to say to those who might read this?** "The SLHVC is not to be missed. Whether you are a local or a visitor to our community, you get a close look at the history and future of Lead when you visit there."

Kid's STEAM Class

-Leigha Patterson

January kicks off a new year and the start of our STEAM classes. I am excited to be teaching these interactive learning classes. They will be held **every second Tuesday of the month** through October (no class in Nov & Dec). K-5th graders will be at 4-4:50pm and 6th-8th graders will be 5-5:50pm. The classes are \$15 each, but members pay just \$10/kid. Punch cards and scholarships are also available. We are excited to be able to partner with Black Hills Energy on these classes.

January's class will be "Ice Cream in a Bag." Kids will learn about melting points, measurements, and comparing/contrasting, all while having fun, then getting to eat delicious ice cream afterwards! Supplies for each class are included. Parents/guardians are welcome to attend and assist. For more info and questions, contact me (605)584-3110, leigha@sanfordlabhomestake.org.

NOTES

GIFT SHOP HIGHLIGHT

With cold temperatures setting in, who wouldn't want to bundle up in a fleece sweater. This great quarter zip fleece sweater is weather proof and wicking. Available in scarlet and gray, sized S-3X.

Members receive a discount!

MAKER MARKET -

We're happy to bring this event back for Winterfeest on Sat 1/30 from 9:30-3:30. Call for info or to be a vendor (605)584-3110

SCIENCE ROCKS: 3D

Printing - We're excited to have Dr. Katrina Donovan from SD Mines as our guest presenting "Spinal Discs to 3D Printed Objects". With a printer, and hands on demonstrations it's fun for all ages! 2/23 5-7.

Sanford Lab Homestake Visitor Center
160 W. Main St.
Lead, SD 57754

Bring a friend and join us in making butter, caramel and learning how food "browns"

\$25 Non-Members
\$15 Members

For more information, please contact
Leigha (605-584-3110) or
leigha@sanfordlabhomestake.org

-Leigha Patterson

Our first Adult Sip 'n STEAM class in October was a success. We really appreciate the support of the people who attended our first quarterly class. If you were not able to attend, here is your chance to make up!

The Winter has come, nights are dark and long, so make the most of your time, and learn something new with new friends. This class will feature the science of food! There is really so much we could cover but we'll be talking about butter & caramelization (specifically the Maillard Reaction)! Hands on activity, demonstrations, snacks and beverages will be provided as well as all of the materials needed for the class. Class fees are \$25 per person or \$15 for SLHVC Members. Punch cards are available for regular attendees. To register, call or email me at (605)584-3110 or leigha@sanfordlabhomestake.org. See you there!
